Compassionate Care

Few things are as scary as learning you have cancer. At MRO, we turn fear into confidence, with the passion of our care team, the power of our precision radiation technologies, and the strength of our collaborative approach to healing. You can count on the specialists at MRO to be there for you and give you every advantage in your fight.

MINNEAPOLIS RADIATION ONCOLOGY

Meet Daniel A. Wattson, MD

Dr. Dan Wattson is a board-certified radiation oncologist at MRO Fairview Southdale and a Minnesota native. Dr. Wattson is passionate about using the latest proven technologies for treating all types of cancer. In addition to his experience treating patients with prostate seed brachytherapy and gynecologic brachytherapy, Dr. Wattson's expertise includes all forms of stereotactic brain and body radiotherapy, intensity-modulated radiation therapy, and general radiotherapy.

Motivated to practice medicine close to family and friends, Dr. Wattson returned to Minnesota, married the love of his life, and joined MRO in 2014. His other love of engineering, applied mathematics, and advanced technology brought him to the medical specialty of radiation oncology, where he fights cancer with precision and serves patients doing work that he loves.

In addition to being a husband and dad, Dr. Wattson takes part in year-round outdoor activities and is a talented jazz musician who enjoys performing.

What to Expect

At MRO, we specialize in one thing: providing patients access to the advanced cancer therapy they need to fight cancer close to home.
