

AT MRO YOU CAN FEEL CONFIDENT YOUR CANCER PATIENTS WILL RECEIVE THE ADVANCED RADIATION THERAPY THEY NEED CLOSE TO HOME.

**Bringing advanced radiation therapy
to the communities we serve.**

The specialists at MRO have your patients covered — targeting brain tumors with HyperArc™ technology and fighting cancer throughout the body, including breast, head and neck, thorax, gastrointestinal, abdomen and pelvis (liver, pancreas, adrenal, prostate, kidneys) and bones using stereotactic radiotherapy (SRS/SABR/SBRT) and IGRT/IMRT technology.
