Compassionate Care

Few things are as frightening as learning you have cancer. At MRO, we help replace fear with confidence through the compassion of our care team, the precision of our advanced radiation technology, and the strength of a collaborative approach to treatment. You can count on the specialists at MRO to stand with you every step of the way, helping you navigate treatment with confidence.

MRO

MINNEAPOLIS RADIATION ONCOLOGY

Meet Elana Nack, MD

Dr. Elana Nack is a board-certified radiation oncologist at the MRO Radiation Therapy Center at Regions Hospital in St. Paul. She specializes in treating breast, lung, gynecologic, brain, gastrointestinal, prostate, and head and neck cancers, as well as select benign conditions.

Dr. Nack is experienced in advanced radiation techniques including intensity-modulated radiation therapy (IMRT), image-guided radiation therapy (IGRT), stereotactic radiosurgery (SRS), stereotactic body radiation therapy (SBRT), and high-dose-rate (HDR) brachytherapy.

Outside of work, Dr. Nack enjoys Olympic-style weightlifting, hiking, attending concerts, and spending time with friends and family.

Minneapolis Radiation Oncology
640 Jackson St.
