

## **Robert Gao, MD** *Radiation Oncologist*

**“I am honored to partner with patients throughout their cancer journey. Their courage and resilience inspire me to deliver the highest quality care. I treat patients as if they were my family member and provide them with all the information they need to choose the treatment plan best suited to their goals.”**

### **Professional Education**

Residency, Mayo Clinic, Rochester, MN

Internship, Hennepin Healthcare, Minneapolis, MN

Medical school, University of Minnesota

Medical School, Minneapolis, MN

Undergraduate B.S., Genetics, Cell Biology, and Development, summa cum laude, University of Minnesota, Minneapolis, MN

### **Compassionate Care**

Few things are as scary as learning you have cancer. At MRO, we turn fear into confidence, with the passion of our care team, the power of our precision radiation technologies, and the strength of our collaborative approach to healing. You can count on the specialists at MRO | Mercy to be there for you and give you every advantage in your fight.

## Meet Robert Gao, MD

Dr. Gao received his undergraduate and medical degrees from the University of Minnesota. He then completed his Radiation Oncology residency at the Mayo Clinic, where he learned from world-renowned physicians and served as Chief Resident during his final year. Dr. Gao has published in numerous prestigious journals and presented at national conferences on topics ranging from breast cancer to prostate cancer to stereotactic body radiation therapy.

A Minnesota native, he is grateful to return to the Twin Cities and serve the community he calls home. In his free time, he enjoys spending time with his family, staying active, traveling, and cheering on his favorite Minnesota sports teams.

## What to Expect

At MRO, we specialize in one thing: providing patients access to the advanced radiation therapy they need to fight cancer close to home.

**Minneapolis Radiation Oncology  
Mercy Specialty Center**  
11850 Blackfoot St. N.W., Suite 150  
Coon Rapids, MN 55433
