

Nelson L. Adamson, MD ***Radiation Oncologist***

“For me the biggest reward is spending time with patients, getting to know them on a personal level, their goals, aspirations, life story. It is also important to me to be an educational resource, helping patients understand their illness and what we can accomplish as a team obtaining the best possible outcome for them.”

Professional Education

Residency, McGill University Radiation Oncology, Montreal, Quebec, Canada

Internship, Harlem Hospital Center, NY, NY

Medical school, Harvard University School of Medicine, Boston, MA

Undergraduate Howard University, Washington D.C. BS Zoology

Compassionate Care

Few things are as scary as learning you have cancer. At MRO, we turn fear into confidence, with the passion of our care team, the power of our precision radiation technologies, and the strength of our collaborative approach to healing. You can count on the specialists at MRO | St. Francis to be there for you and give you every advantage in your fight.

Meet Nelson Adamson, MD

Dr. Nelson L. Adamson is a Board-Certified radiation oncologist. He received his medical degree from Harvard University School of Medicine and completed his residency in Radiation Oncology at McGill University in Montreal, Canada. He has been in practice for more than 30 years, including private practice, clinics, and community hospitals. In addition, Dr. Adamson served with the Health Unit for the American Embassy in Mogadishu, Somalia.

He also enjoys his free time traveling, reading and biking.

What to Expect

At MRO, we specialize in one thing: providing patients access to the advanced radiation therapy they need to fight cancer close to home.
